

New Baseball/Softball Innovation 'Locks In' Bottom Hand Grip to Create Insane Bat Speed!

LET 'ER RIP WITH WHIP STRIP™

"It really allows me to turn on the ball and create whip"
—Jim Hayes, Senior World Softball Player

"I hit 3 out of 5 balls 300' using Whip Strip in BP; never hit one out in my life before"—Greg Olson

"Now I feel comfortable using overlap in game situations"—KC Pruitt

"This gives me the edge I was looking for"—Wally George

- ⦿ Increases bat grip by 30%
- ⦿ Increases bat speed by 12-15%
- ⦿ Generate tons more bat whip action
- ⦿ Increase bat control
- ⦿ Enables hitter to twist hand to allow greater torque down grip
- ⦿ Enhances swing leverage
- ⦿ Ideal for full overlap grip, two finger drop, interlock, pinkie drop or other grip techniques
- ⦿ More confidence in releasing top hand after ball contact
- ⦿ More pop, power, distance and consistency
- ⦿ More confidence at plate
- ⦿ Enhances ability to cut down on ball
- ⦿ Enables hitter to adjust Whip Strip to drop 1, 2 or 3 fingers off bat knob
- ⦿ Greatly helps new users adapt to overlap grip
- ⦿ Reduces need for pine tar or sticky spray
- ⦿ Helps grip when batting glove wet or sweaty
- ⦿ Helps prevent blisters
- ⦿ Compensate for weak hand, wrist or forearm strength
